Tell us what you think should be on the map, place your nominations! Please take the time to make a quality nomination that highlights WHY your nomination is geotouristic (authentic and distinctive to the region).

The Tahoe Emigrant Corridor includes all or parts of Douglas, Washoe, Carson City, El Dorado, Nevada and Placer Counties.

Nomination Tips

Your nomination should include:

1. **TEXT** - Make it interesting, describe what makes this place, feature, or person authentic and distinctive to the region. (2-5 paragraphs recommended)
2. **MEDIA** of at least one picture 350 pixels W by 220 pixels H,
3. Correct **CONTACT** information and
4. Accurately **MAPPED** (drag the marker on the electronic map provided).

You can collaborate with other people to create your nomination. Just make sure they sign into the system and then choose them as a "collaborator" when you are on the first page of your nomination. That way, you can add the text and they can add the photo, and so on!

If you are working on a long and detailed description, you may want to consider working in word and then when you are done, simply dropping it into the text box on the nomination.

Be sure to press "save" on your nomination.

When you have completed your nomination, be sure to select it (use the check box) and then choose "submit to editor."
